

KOMATSU®

Product data

Forestry Quality™

Komatsu OCP is a product based on monopropylene glycol (MPG), with necessary corrosion inhibitors added to prevent the product from damaging other metals such as the aluminium contained in a cooling system.

Komatsu OCP exhibits the same excellent antifreeze and corrosion-inhibiting properties as other ethylene glycol-based compounds, but have significantly lower toxic effect on health as well as environment.

Komatsu OCP is tested and validated and fulfils the demands of:

BS 6580/1992

ASTM D-5216

AFNOR NF R15-601

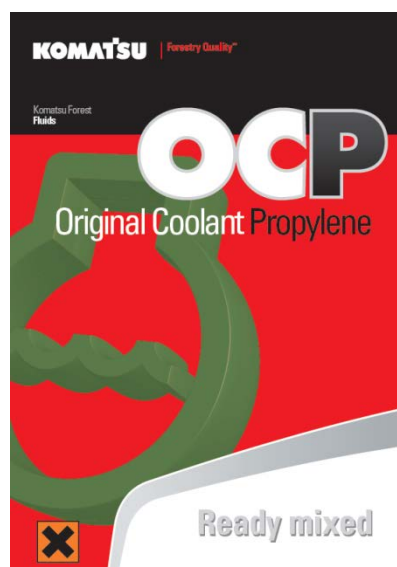

Description: Red fluid.

Properties:

Density at 20 °C (g/cm³) 1.047

Refractive index (nd₂₀) 1.3879

Freezing point (°C) -30

OCP, ORIGINAL COOLANT PROPYLENE
