

Quality that keeps on delivering

The Komatsu Used Premium and Used Premium Plus seals of approval offer you peace of mind knowing exactly what you are buying. Carefully chosen machines are inspected by specialists and, for additional peace of mind, accompanied by a certificate detailing each step of the inspection protocol. Moreover, your purchase also gives you access to a dependable network of knowledge, service and support.

What does the Komatsu Used Premium seal of approval offer you?

- A machine meeting the regulations and standards that applied when the model was originally launched
- A machine prepared by specially trained personnel
- A machine for which only Komatsu Original spare parts and consumables have been used when getting the machine ready for sale
- Operator training and fine-tuning of the machine
- 100% reimbursement of the costs should any part of the transmission fail. Applies for three months from the date of delivery.
- 50% discount on any spare parts individually priced at more than €500. Applies for three months from the date of delivery.
- The option to sign a MaxiFleet agreement
- The option to sign a ProAct 2.0 agreement

Buying used with greater peace of mind

Thorough inspection

When we acquire a used machine, it is thoroughly inspected. Specially trained personnel analyse the machine based on a standard inspection protocol developed by our most experienced machine specialists.

Only the best are chosen

Based on the results, the machine is then classified with only the best Komatsu machines receiving the Komatsu Used Premium seal of approval. The aim is for the machine to continue delivering high productivity for many years to come.

Komatsu Used Premium Plus

To receive the Komatsu Used Premium Plus seal of approval, the machine must have been covered by a ProAct 2.0 agreement and regularly inspected and serviced by Komatsu specialists using spare parts and consumables from our range.

Updated and ready

Before the machine is resold, all systems are completely reset to ensure that none of the previous owner's data remain. Moreover, our technicians ensure that all software is updated to the most recent compatible versions. The machine is given a fresh start, quite simply.

Operator training for peace of mind

When delivering your Komatsu Used Premium or Used Premium Plus machine, we also provide operator training and fine-tuning of the machine, enabling you to start working productively sooner rather than later.

Help always on hand

When purchasing a Komatsu Used Premium or Used Premium Plus machine, you also gain access to a dependable network of knowledge, service and support. Help from qualified Komatsu personnel is always available via our service providers.

Our promise to you

To thank you for choosing to buy a Komatsu Used Premium machine, we make you a special promise. During the first three months, should any transmission component fail, you will be fully reimbursed for the costs. Moreover, you also get a 50% discount on any spare parts individually priced at more than €500 during those first three months.
